Safety

## TAKATILES

TakaTiles are an environmentally friendly choice of tiles as they are made entirely from recycled PET plastic. PET, or polyethylene terephthalate, is a durable and versatile plastic commonly used in beverage bottles and packaging.

## TAKACOASTER

TakaCoasters not only offer protection for your surfaces but also a unique opportunity to personalize your space. Made entirely from recycled plastics, these coasters are available in two shapes, hexagon and circle, and can be customized with text and logos.

## TAKACHAIR

Each TakaChair features a unique pattern, and its colors can be customized to suit your preferences. Made from recycled plastic, these chairs are not only stylish and eco-friendly but also customizable to meet your specific needs.

## TAKASTOOL

Available in a range of vibrant colors, our bar and home stools are a great way to add a pop of personality and style to any space. Crafted with precision and care, these stools are designed to provide maximum comfort and support, with a sleek and modern look that complements any decor.

## TAKALH

Are you tired of hunching over your laptop for hours on end? Look no further than TakaLH, the modular laptop holder designed for good posture and sustainability. Made entirely from recycled plastic, TakaLH offers a durable and eco-friendly solution for comfortable laptop use.

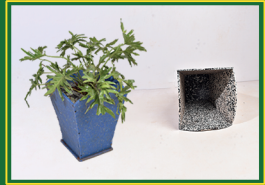

## TAKAPH

TakaPH is a modular phone holder designed to keep your desk organized and clutter-free. Made from recycled plastic, this eco-friendly phone holder is not only stylish but also sustainable. Its modular design allows you to easily adjust the angle and height of your phone for comfortable video calls or hands-free use.

## TAKAVASE

TakaVase is our line of eco-friendly flower pots made from recycled hard plastics. These pots are not only durable and long-lasting but also sustainable, as they help reduce plastic waste.
